About Me

I hold a B.Sc. in Computer Science and am currently pursuing an M.Sc. in Computer Science at Mumbai University. With hands-on experience in MERN stack and Java interested in building efficient web applications and Adept at turning ideas into functional applications and problem-solving through real-world projects

Skills

- Full-Stack Development:** MERN Stack
- Programming Languages:** JS, Python, Java, C# .
- Web Development :** HTML5, CSS3, Tailwind CSS .
- Database & API Management:** SQL, MongoDB, REST APIs Integration
- Core Concepts :** DSA, OOP, SDLC .
- Version Control :** Git .

Education

- Hsc (Science Stream)**
St. Joseph's Jr. College 2022
Percentage: 74.33%
- Bsc. Computer Science**
Shankar Narayan College 2022–2025
CGPA - 6.76/10
- Msc. Computer Science**
University of Mumbai 2026–Present

Projects

- Rail-Sathi**
Railway ticket booking application January -2026
Developed a ticket booking app (like UTS) using MERN with real-time seat availability (Socket.io), location tracking, and secure payments via Razorpay. Implemented JWT authentication, Redis caching .
- Portfolio**
Link:- <https://www.pradnyapanchal.com/> July-2025
Built a responsive portfolio using React.js with GitHub grain Api integration. The newest iteration of my personal website.
- Park-Master Pro**
Vehicle parking booking application February-2025
Built a smart parking management system using the MERN stack with real-time slot updates (Socket.io), location tracking (Google Maps API), and secure payments via Razorpay. Implemented JWT authentication, Redis caching for live availability, and BullMQ for scalable background booking processing.
- Nexa**
A next-gen smart shopping platform March-2026
Built a shopping platform using the MERN stack with Redis caching for improved performance. Implemented JWT-based authentication, role-based access, and core features like product, cart, and order management.

Certification

Full-Stack Web Development & Java Programming :-
SDAC Mumbai 2024–2025
CRN: E3CAGCNB

Experience

Intern – Mira-Bhayandar Municipal Corporation Swachh Survekshan Programme

- Conducted field audits to identify sanitation gaps.
- Analyzed waste management processes and supported documentation.
- Assisted in stakeholder coordination and created digital awareness content.
